

**Grab** has launched a new service called GrabJet. GrabJet is a new transportation service that offers passengers a fast and reliable way to fly within the 6 countries at the comfort of a private jet. Booking for a Jet is only available for advanced booking via Grab.com website. Passengers can easily request for a ride and a private jet will arrive for pick up. GrabJet has a base fare of \$199 which also includes add-on premium service such as flight attendant (+ \$300), full kitchen (+ \$100), massage (+ \$50) and jacuzzi (+ \$180) to make your trip a memorable experience.

**Your task:**

- Setup a WP environment
- Create a wordpress theme which contains a single page, as per the design
- Convert the static components (drop down, calendar, button) into clickable, working components using data from the brief above.
- Responsive Design works on latest Chrome, Firefox, IE as well as mobile devices
- Upload your work to Github and send us an invite
- Deploy WP to any host and send us the link
- WP site to be behind a simple authentication - send us the login credentials

**Note:**

- You are free to use any lightweight front-end framework
- You are free to use any WP plugins
- You are free to alter, add, remove any components from the design
- You are free to decide how it works/looks on small devices
